International Energy Days 2022

Symposium Notes

Keynote Speakers

Thanks to the 1st Energy Days, which was held for the first time in 2021 COVID-19 Pandemic, we brought together the competent people in the field of renewable energy, academics with important studies on the subject, students and all those who care about the studies in this field for the first time. To raise awareness of the participants about the use of renewable, sustainable and cleaner energy sources such as wind, solar and geothermal energy, to provide information about environmentally friendly electric vehicles, to evaluate the energy potential for the world and our community, we aimed to draw attention to investments in the field and to shed light on our future...1st Energy Days Symposium viewed in detail on link below:

<https://energydays.cumhuriyet.edu.tr/>

This year, we are organizing Energy Days "Internationally" in 2022. And also, it is held in accordance with the criteria of Associate Professorship and all academic promotions based in Turkish "17.01.2020 tarih ve 31011 sayılı Resmi Gazete'de yayımlanan "Akademik Teşvik Ödeneği Yönetmeliği". It means definitely that in Turkish "Etkinliğe Türkiye dışında en az beş farklı ülkeden sözlü tebliğ sunan konuşmacının katılım sağlaması veyarıdan fazlasının Türkiye dışından katılımcılar tarafından sunulması sağlanacaktır. Bu sebeple bildiriler için Türkiye kotası %45 olarak belirlenmiştir."

The "International Energy Days", symposium language is English and Turkish. In addition, the development of renewable energy technology and alternative energy resources usage effects of human and environment in recent years and applications that shed light on the future with artificial intelligence technology will be handled as hybrid(online and face-to-face).

We invite you to the International Energy Days Symposium(IENSCI'22), which will be held between 03-04 October 2022 in Sivas Cumhuriyet University.

- The INTERNATIONAL ENERGY DAYS2022(IENSCI'22)will be held as HYBRID (ONLINE AND FACE TO FACE)due to the pandemic in question. All of the presentations will be recorded during the congress and will be shared with the participants after the congress.
- In IENSCI'22,presentations will be made in the all sub-branches of ENERGY AND SCIENCE. At the end of the congress, the Congress Proceedings Full Text Book with ISBN number will be published.
- TheIENSCI'22,is held in accordance with the criteria of Associate Professorship and all academic promotionsas"APED"and"Akademik Teşvik". Congress Abstract Book and Proceedings Full Text book will be published until October 2022 Associate Professorship applications.
- After the presentations presented at the congress, participation certificates will be defined to the addresses of the participants on theIENwebsite (www.iensci.org/energydays)
- For the participants who wish, the expanded version of the papers will be published in the Book Chapteron "Multidisciplinary Energy Studies-II" in an internationally qualified publishing house.

Symposium Registration Fee

Online participation FEE

- Single Paper Fee (Online): 30 USD
 - Fee for Two Papers (Online): 40 USD
 - Single Paper Fee (face to face): 40 USD
 - Fee for Two Papers (face to face): 50 USD
- please make your payment after receiving acceptance

[ONLINE PAYMENT SYSTEM FOR 30 USD CLICK HERE](#)

Symposium Topics

- Renewable Energy and Applications
 - Smart grid technologies
- Alternative energy resources as Hydrogen, Geothermal and etc.
- Energy And Health Care Applications
- Nuclear Energy and Applications
- Sustainable Energy Solutions
- Environmental care solutions
- Human care solutions
- Machine learning algorithms in energy
- Blockchain integrated AI based solutions in electrical power system applications
 - Batteries based solution with AI
- Smart Cities and Energy Efficient Buildings
 - Micro-grid and Nano-grid
- Distributed and Renewable Energy Integration
 - Forecasting on Power Systems
 - Virtual Power Plants and Aggregators
 - Blockchain Application on Power Systems
 - Power Electronics Application on Energy
 - Distribution/Transmission Cables
- AI architecture and trends used in power systems
- Artificial intelligence applied to power system optimization
- Internet of things (IoT) Applications in Smart Grid
- Optimized management in microgrids and energy hubs
- AI-driven solutions for the next generation of the smart-grid
 - Energy Storage Systems and Technologies
 - Data Analytic on Energy Systems
 - Wide Area Monitoring Systems (WAMS)
 - Flexible Demand and Demand Response
 - Electric Vehicles and Integrations
 - Power Quality and Solutions
 - Communication Technologies for Smart Grid
 - Wide Area Control (WAC) Smart Power Grid
 - Business Models for Smart Grids
 - Energy Economics
 - Smart Cities and Energy Efficient Buildings
 - Flexible AC Transmission Systems (FACTS)
 - HVDC and its Applications

Abstract Submission

You must apply to the Symposium by sending an abstract. Since our congress has an INTERNATIONAL character, it is obligatory to send an abstract in English.

The summary evaluation process takes a maximum of 5 days.

The author is informed about the result of the evaluation without delay.

Abstract Writing Rules

Margins : 2.5 cm

Font: Times New Roman, 12 Points

Line spacing: 1.00 cm

TITLE: All capital letters

Keywords: At least 3

Number of Words: At least 250

Your abstracts should be between 200-300 words. In addition, all authors in the paper must have their name, surname, place of work, the field of study, e-mail addresses, mobile phone numbers, and ORCID numbers.

You can submit your abstracts in word/doc/docs format until 25 September 2022 at the latest energydays@cumhuriyet.edu.tr should be sent to the address.

([Abstract Sample Format](#))

Full Text Submission

If you want to have your full texts published in the Symposium book after your abstract is accepted, you can submit your FULL TEXTS until **October 2022** at 17:00 energydays@cumhuriyet.edu.tr. You must send it to your Registration Studies with a similarity rate above 30% in full texts are not taken into consideration.

Full-Text Writing Rules

Margins : 2.5 cm

Font: Times New Roman, 12 Points

Line spacing: 1.00 cm

TITLE: All capital letters

Subtitle: Small

The number of pages: Must be at least 5 pages. The upper limit is 25 pages.

In your full texts, SUMMARY, INTRODUCTION, MATERIALS AND METHODS, FINDINGS and DISCUSSION, CONCLUSION and RECOMMENDATIONS, REFERENCES should be written under separate headings.

Citation Format: APA 6 Style citation format should be used.

In addition, all authors in the paper must have their name, surname, place of work, the field of study, city, and country, e-mail addresses, mobile phone numbers, and mandatory ORCID numbers.
